STILL SERIOUSLY ILL.

Mrs. McKinley's Condition Has Im-
proved but Very Little.

THERE IS SOME HOPE

Every Public Function Planned for the
Presidential Party Has Been
Abandoned—The Return to
Washington Undecided.

San Francisco, May 17.—The life of Mrs. McKinley, though slightly improved early this morning, is still in the balance. At intervals she is conscious and recognized her husband who has remained almost constantly at her side.

The president is bowed with sorrow and a careworn expression is noticeable to all who see him during his brief walks in Lafayette park opposite the temporary home. He has expressed himself as deeply touched by the sympathy extended to him. From every quarter of the civilized globe cablegrams have poured in. People of all creeds and nationalities are represented in expressions of sympathy sent to the president and though unable to reply to all of them, he deeply appreciates the sentiments they convey.

At a special service held at the Rush street synagogue, Rabbi Isidor Myers recited in Hebrew an expressive prayer for the recovery of Mrs. McKinley.

The Daily Chinese World, printed in Chinese and English, in the latest issue contains the following:

"It is our custom for each householder to erect within the living room of his residence, however humble though the home may be, a shrine before which he may worship, after his own faith. And we request that this night the elder of each and every Chinese family pray fervently and tenderly to the creator to spare and restore to health the wife of this great man; the heart of his heart, for whom he has shown devotion which must excite the admiration of every true hearted man, be he Christian or pagan. We may differ materially in our religious faiths and because of thousands of years of training, it is sometimes difficult for us to agree on certain ceremonial laws, still our love for those for we have taken to our hearts, is identical, and the same tender love for the wife and family is common to all mankind. Our sympathy for the president is as sincere and intense as could be were it expressed by his own people."

The president has requested each member of his cabinet to keep all engagements and not to permit the illness of his wife to mar the pleasures of their trip.

The cabinet members reviewed the school children of the city today. This was one of the features of the week's programme anticipated with pleasure by President McKinley and at his request it was carried out, though without his presence.

According to recent plans the launching of the battleship Ohio tomorrow will take place, but the president and members of his cabinet will not be there, there will be no banquet by the citizens Saturday night and all receptions and trips have been abandoned.

San Francisco, May 17.—Mrs. McKinley is in the shadow of death and may pass away at any moment. Yesterday morning shortly before dawn she sank rapidly and it was feared she would die before restoratives could be administered. But she responded to the powerful heart stimulents which were given to her and during the day improved to such extent that hope of her recovery, slight though it was, revived.

The new treatment for low vitality, salt injections into the veins was administered to Mrs. McKinley and she responded to the treatment.

But her life hangs by a thread. She has taken no solid food since she reached here on Sunday and the physicians do not believe she can survive another sinking spell such as she experienced yesterday morning. She suffers little and bears up bravely. During her periods of consciousness Thursday her mind was clear. The president is constantly at her bedside and although worn by his long vigil, is standing the awful strain with remarkable fortitude.

Every public function planned in his honor has been abandoned and the city with heavy heart is watching Mrs. McKinley's battle for life. If the end should come the president and his party will be ready to start back with the remains within 24 hours. The train which brought them here will be used on the return trip and all the arrangements have been made to go back by the shortest route, the Central and Union Pacific to Chicago and thence via the Pennsylvania to Washington. If Mrs. McKin-

ley improves it is not believed that she will be able to travel before a week from the coming Monday. All the members of the cabinet with the possible exception of Secretary Long, will remain here to the end. The latter's daughter is very ill at Colorado Springs and he is very apprehensive that he may be called there at any time.

Secretary Cortelyou announced at that time that no further bulletins would be given out unless something new takes place.

ECLIPSE OF THE SUN.

Only in a Small Portion of the World
Will It Be Visible.

Manila, May 17.—The total eclipse of the sun which occurs tomorrow, will be visible only on this side of the earth. Starting at sunrise off the east coast of Africa, the path of totality will cross the island of Madagascar, thence northeast, traverse the Indian ocean, pass through the East India islands and end at sunset in the Pacific ocean south of the Philippines.

On account of the usual duration of totality this occasion is regarded as a rare opportunity to investigate and perhaps solved several important questions pertaining to the sun which can only be determined during a total eclipse. With this end in view parties of astronomers have been sent out by various governments and scientific institutions, two from the United States.

Most of the scientists have chosen the island of Sumatra, of the Dutch East Indies, for their field of operations, and there Great Britain, Holland and United States will be represented. The Dutch sent their party out in a man-of-war and the British, strange to say, in these days of war in South Africa, accompanied them.

The path of totality will reach Sumatra about noon, and over a tract of country 130 miles in width, the beautiful phenomena will be observed. At the center of the path the time of totality, during which the sun will be entirely obscured, will be 6 minutes and 27 seconds—one of the longest eclipses of the century.

CAN HAVE BLACKLISTS.

A Judge Decides Employers Can Combine on a Blacklist.

Chicago, May 17.—In the superior court here Judge Baker decided that it is legal for employers to maintain a blacklist. The ruling was in the case of Annie Condon against Libbey, McNeil & Libbey, Armour & Co., and other stock yards packing firms.

The plaintiff was a labeler and can painter in the employment of the Libbey firm and in February, 1900, in company with a number of other young women went on a strike, because of repeated reductions in wages. Later the women tried to obtain employment with other firms, but their applications were rejected on account of their having been strikers. Miss Condon began suit as a test and the court ruled that the various firms had a right to take protective measures against persons who had quit the employment of other firms without valid reasons.

This is the first time in a western court that the so-called "blacklist" by which an employee who leaves one firm and is kept out of employment in his or her trade by any other firms has been given legal standing by the courts.

Overtures of Presbyterians.

Little Rock, May 17.—In the Presbyterian general assembly today Moderator Woods announced the committee, after which the morning was devoted to reading and referring overtures. On the "elect infant" clause there are numerous overtures, some in favor of rescinding the clause and all referred to a special committee composed of one representative from each synod.

Of the other important overtures were one from Texas asking the modification of a pastoral letter and that the words "dancing, which is innocent," be expunged from paragraph 2 of the preamble.

One from Arkansas favoring the ad interim committee to consider the change of church government.

One from the trustees of the Union Theological seminary on the alarming decrease in the number of candidates for the ministry.

One from Georgia against the soliciting of state aid for religious schools.

An invitation was read from Jackson, Miss., to hold the next meeting of the general assembly there.

Crusaders' Convention Over.

New Orleans, May 17.—The closing session of the Interstate Cotton Seed Crushers' association was held aboard the steamer Natchez and while the delegates transacted their last business and elected officers the boat made a trip through the river from Southport to Chalmette. The officers elected were as follows: President, A. E. Thornton of Atlanta, Ga.; vice president, Joseph W. Allison of Ennis, Tex.; Robert Gibson of Dallas was re-elected secretary and treasurer. Dallas, Tex., was chosen as the next meeting place.

Littlefield's Ranch Deal.

Austin, May 17.—Major George W.

Littlefield returned here after consummating the purchase of 244,000 acres of ranch property in Dallam and Hooker counties. The purchase included 5000 head of pureblooded heifers and 340 bulls. The ranch is fully equipped with 50 windmills, tanks and houses. The price paid was \$750,000. Mr. Littlefield will add 10,000 head of pure Herefords from his New Mexico ranches.

Election Officers Indicted.

Austin, May 17.—The grand jury just adjourned has indicted the three election judges at one county box for alleged false returns in favor of the successful candidate. The three indicted have been released on bond, and are S. P. Banner, J. E. Billingsly and Sam Morrow at Litching box. This is an aftermath of the contest in the race for county judge here last autumn.

Wild West Performer Killed.

Vincennes, Ind., May 17.—Miss Theresa Russell of Denver, a performer, was dragged to death by a wild broncho here during a performance of Buckskin Bill's Wild West show.

SATURDAY, MAY 18, 1901.

The Jewett Messenger says everybody in Leon county is hard at work and you can't rake up men enough in town for a domino game.

Congress appropriated \$4,000,000 for the irrigation of the arid lands of the west which are marvelously productive, with a sufficient water supply, and capable of supporting a large population.

J. M. Guffy is pretty well fixed for oil land. He owns and controls leases for oil purposes covering 1,000,000 acres in Texas and Louisiana. He has formed and chartered a \$15,000,000 company and proposes to do business on a Standard oil scale.

James J. Hill and J. Pierpont Morgan are credited with the gigantic scheme of forming a transportation company that will encircle the world with its connecting lines. They are now able to cover all the distance except that between Alexandria, Egypt and Hong Kong, China. Morgan's present trip to Europe is said to be for the purpose of supplying this missing link.

The only topic of conversation that any way near keeps pace with "oil" is the Mexican boll weevil, and the man who hasn't enough money to speculate on oil, and a little too much to loaf is spending his time talking, thinking and dreaming about this dreaded pest. Mr. Lee Brown was out at his farm near Dolph, Sunday and he brought home a number of the boll weevils in a bottle and they have been tested in all manner of destructive elements, and nothing will kill them, but fire. They were placed on ice and kept there without effect. Some were put in a bottle of alcohol and kept there for a half hour and were as much alive when they came out as when they were taken off the cotton. —Grimes County Record.

1,000,000 WOMEN RELIEVED

Reports received show that Wine of Cardui has brought permanent relief to 1,000,000 suffering women in the last few years. Because of Wine of Cardui, thousands of sufferers, seemingly on the way to premature graves, are now healthy women taking an active interest in the duties of life. Mrs. Mitchell was declining in health when Wine of Cardui "performed a miraculous cure" in her case. She suffered terribly with the agonies of falling of the womb, leucorrhoea and profuse menstruation. The weekly appearance of the menses for two months sapped her vitality until she was little better than a physical wreck. Her nervous system gave way under the terrible pain and aggravation. Then came the trial of Wine of Cardui and the cure. Mrs. Mitchell's experience ought to commend Wine of Cardui to suffering women in words of burning eloquence. The Wine is within the reach of all. Woman who try it are relieved. You can get as much benefit as Mrs. Mitchell received. Ask your druggist for Wine of Cardui. Send to the laboratory for the medicine if he tenders you a substitute.

WINE OF CARDUI

South Gaston, N. C., May 29, 1899.
Wine of Cardui and Theodor's Black-Draught have performed a miraculous cure in my case. I have been a great sufferer from falling of the womb and leucorrhoea, and my menses came every week for two months and became very painful. I was in a bad condition. My husband induced me to try Wine of Cardui and Black-Draught, and now I have no pain. The leucorrhoea has disappeared and now I am in perfect health. Mrs. WILLIE MITCHELL.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

IF YOU MISS YOUR FRIENDS

during the coming summer, just address them at the Colorado Chautauqua, Boulder, Colo. You'll either find them there or at some of the other numerous Rocky Mountain Resorts. Texas has been so prosperous that the people are planning all over the state to spend the hot month in "Kool Kolorado;" and the number of Southern people up there this year will be numerous. People always want the full worth of their money, and this accounts for the plans of almost every one providing for using "THE DENVER ROAD" from Fort Worth. Because, you know, we have the shortest line, make the quickest time, run the only through train—with Cafe Cars, Pullmans, Modern Coaches, Etc., so "You don't have to apologize for riding on The Denver Road!"

STRIKE AT ALBANY.

Two Dead, One Dying and Sixteen Wounded Is the Result.

ADDITIONAL TROOPS.

There Are Three Thousand State Soldiers There to See That Peace Is Restored and to Protect Traction Company's Cars.

Albany, May 17.—Two dead, one dying and 16 suffering from injuries more or less severe, is the record up to 9 o'clock this morning of the casualties resulting from the strike of the Union Traction company employees in this city. Of the three men wounded by the state troops on Thursday William Walsh and E. Leroy Smith are dead, while William Rooney's wound is not dangerous.

William Marshall, a non-union motorman whose skull was fractured by stones thrown by a mob that attacked the car he was taking out of the barn, cannot recover.

Smith was prominent in business, political and social life here and was presiding officer at the last session of the American Whist congress.

The Ninth regiment of the National guard, has reached the city, swelling the number of troops in Albany to 3000. Twenty-five more non-union men have reached the city and were escorted by a battalion of the Twenty-third regiment to the car barns.

The directors of the United Traction company held a meeting at 11 o'clock this morning to consider the situation, meanwhile no efforts were made to move cars.

Albany, May 17.—One man dead, two fatally wounded, hundreds of others with broken heads and cut faces, cars running as arsenals, the city under martial law with its citizens in a frenzy of excitement, was the situation when darkness yesterday put an end to the strife growing out of the street car strike.

William Walsh, a merchant who was shot by the militia died at 10 o'clock last night.

The following were the other casualties:

Leroy Smith, a merchant, shot by national guardsmen.

William Marshall, a non-union motorman, skull fractured.

George Booze, a citizen, cheek ripped open by a bayonet.

William Rooney, citizen, shot by a national guard.

Gilbert Hart, non-union motorman, shot by the mob.

The bloodshed came after a day of peace. From early morning the crowds had melted away before bayonets and shotguns; cars had been operated under heavy guards and there was an impression that the spirit of turbulence was waning. There had been some minor demonstration particularly in North Albany, but not a shot had been fired and as the day passed the running of cars attracted but little attention. The volley fired on Broadway by a squad of the Twenty-third infantry in which Leroy Smith and William Walsh, a well known citizen, fell mortally wounded, changed all that. It stirred anew the feeling of hatred as the exciting tidings swept through the city and the guardsmen were bitterly denounced.

Five hours of conference last night with all the warring elements represented failed to settle the strike.

The strikers, it is reported, waived all the demands for the removal of the non-union men. The executive committee of the United Traction company will consider the proposition to settle the strike and may accept it and settle the strike.

Meantime Major General Roe was taking every precaution and ordered out the Ninth regiment of New York. It will arrive here this afternoon 900 strong and if the strike is not settled will assist in opening up the other lines in this city.

The shooting of Smith and Walsh had a very depressing effect upon the members of the Twenty-third regiment and when stones were hurled later at the picket men around Quail street barn, but they did not fire in the dark. Two privates were hit and hurt, but they did not care to take a chance by firing. It was held by the officers and men generally that the order to fire was entirely justifiable.

To Refund Its Debt.

Denton, Tex., May 17.—The commissioners' court decided to issue \$68,000 2 per cent courthouse refunding bonds to take up a similar amount of 5 per cent courthouse bonds. The tax levy for 1901 was also made, being 60 cents on the \$100, including 10 cents special road tax, voted by the people.

Shooting Near Marietta.

Marietta, I. T., May 17.—About eight miles west of here near Burneyville, a difficulty occurred between Charlie Drought and Ollie Harris, in which Harris received the contents of both barrels of a breechloading shotgun. Drought was arrested.

Earthquake in Ohio.

Cincinnati, May 17.—An earthquake was felt in the middle west, especially in Ohio, early this morning.

Monroe Edge,

LAND AND RENTAL AGENT

Devotes his time exclusively to buying and selling land. If you have mineral land, such as Coal, Oil, Gravel, Etc. come to see me. If you wish to invest in mineral lands, I HAVE IT.

I have several tracts for sale near Lamb Springs, Grimes county. Also in Brazos county, all of which are in a newly discovered oil district and the prices are jumping so fast I can't hold them down more than two days at a time.

Yours for Business,
MONROE EDGE,
Land Agent and Notary Public.

New York, May 17.—It seems to be generally acknowledged that the truce between the Morgan and the Kuhn, Loeb & Co. interests in their contest for the control of the Northern Pacific has assumed the dignity of a definite settlement of the future policy and that attempts will be made to reconstruct, so far as is necessary, the "community of interests" plan of railway management on a new basis.

This means that the Northwestern roads are to be brought more thoroughly and directly into the fold than has heretofore been contemplated. The Kuhn-Loeb interests are already heavy holders in the Great Northern and their recent purchases of Northern Pacific make that road a distinctly Harriman road, notwithstanding that the nominal control shall still remain with J. P. Morgan & Co., which, according to best information, is the present plan.

The Harriman people will be adequately represented in the board of directors of the Northern Pacific and will be fully able to protect the Union Pacific from any encroachments in its territory by the Northern Pacific. On the other hand there have been active purchases of the Union Pacific stock by interests very close to J. P. Morgan & Co., so that the practical effect of the recent corner and the purchases responsible for it have been the exchange of Union Pacific stock for Northern Pacific stock.

It is of course now a question of what financial arrangements will be made by the Harriman interests for financing their purchases of the Northern Pacific as it is taken for granted that they did not make such purchases on any private account, but with the sole object of protecting the Union Pacific's interests; and it is therefore supposed that the recent heavy purchases of the Northern Pacific securities are to be turned over at their cost price to the Union Pacific, which will issue convertible four per cent bonds in payment.

There are \$100,000,000 of these convertible bonds already authorized and only \$40,000,000 have thus far been issued. It may be stated on authority that the matter of thus financing the Northern Pacific stock has not yet been officially made by the Union Pacific board. There is no doubt, however, that the matter will be taken up at a very early opportunity. It is expected that Mr. Morgan will secure representation in the Union Pacific board.

Shoes known the world over as the best \$3, \$3.50 and \$5 shoes sold only by Burt Norwood. Buy a pair and see how well they will wear.
